

SELECTION CHART LARGE SQUARE BALES

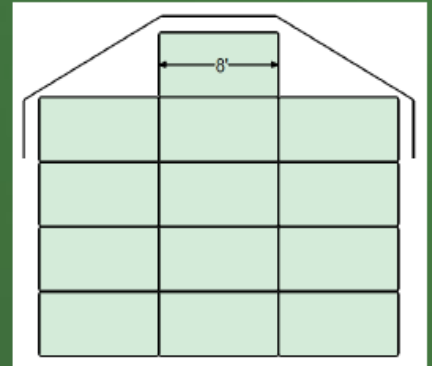

A 14' wide tarp for a 3' high bale will cover the first bale.

A 18' wide tarp will provide slightly more coverage.

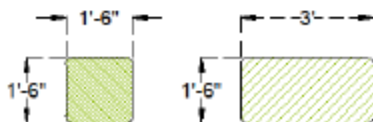

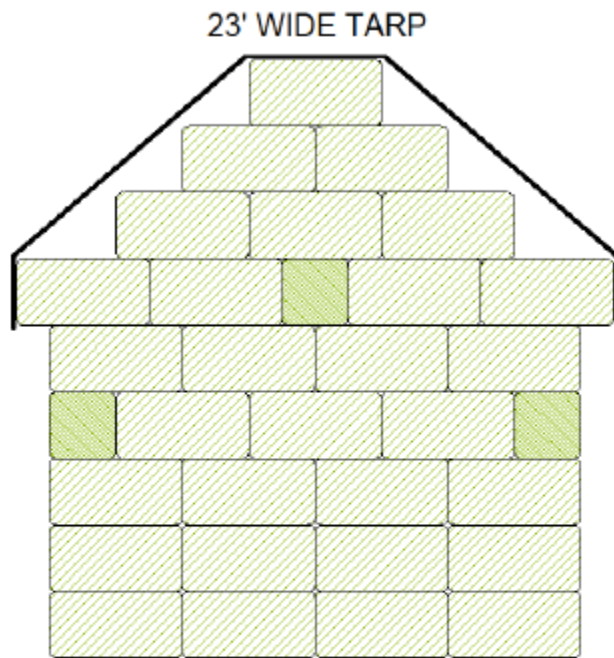

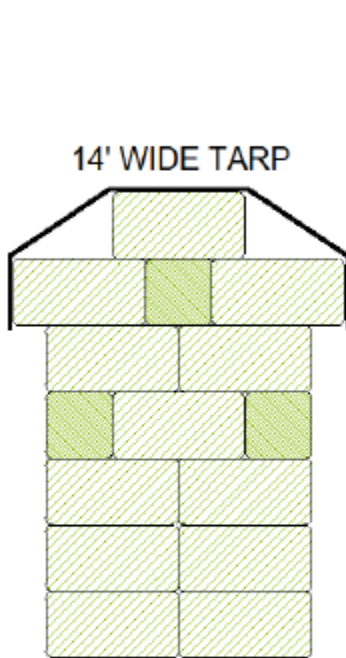

A 25' wide tarp for a 3' high bale will cover the center bale and the top row.

A 35' wide tarp for a 4' high bale will cover the center bale and the top row.

5' Bale Length	30 Bales	60 Bales	100 Bales
6' Bale Length	24 Bales	48 Bales	80 Bales

SELECTION NOTES & CHECK LIST:

- Choose your bale diameter and corresponding stack configuration to locate tarp size.
- Stack configurations detailed above are recommendations only.
- Tarp dimensions are always listed by stack width X stack length.
- To calculate the suggested length of your tarp, measure the stack and add 2' to allow the tarp to fold over the stack ends.
